Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance: With respect to independent claims 1, 7 and 13 each of these claims has been amended by applicant to recite that, after a preceding image input job is finished, a subsequent image input job is started while an image output job corresponding to the preceding image input job is being executed.

For the reasons noted above each of independent claims 1, 7 and 13 is patentably distinguished over the prior art.

Therefore, claims 1-20 are allowed.
